The "old reliable" Grand Rapids Business college has been located in this city for over a quarter of a cen-tury, hence it is not an experiment, but a time honored institution from which many of the best business men of this city and surrounding country have re-ceived their business training. It is noted for its thoroughness, and a recommendation from this school has long been deemed a passport to success. Remember! "All is not gold that glitters," and that the Grand Rapids Business college, though modest in its advertisements, is thorough in its work. A. S. Parish, Proprietor.
